AutomationWorld
CONFERENCE & EXPO

May 14-15, 2019
Chicago Marriott O'Hare

EXHIBIT AND SPONSORSHIP OPPORTUNITIES

Entering our 8th year as the leading educational and networking event for industrial automation professionals

The Automation World Conference & Expo is the leading educational and networking event for today's industrial automation professionals, renowned for its peer-to-peer educational approach. Featuring general sessions, Technology Workshops and exhibits –the Automation World Conference & Expo offers timely, relevant information with practical takeaways for engineering and management professionals.

PRESENTATIONS PLANNED FOR OUR 2019 PROGRAM:

* Cybersecurity
* IIoT/Industry 4.0
* Digital Twins / Augmented Reality
* Remote Asset Management and Maintenance
* Safety
* Ethernet on the Plant Floor

PLEASE NOTE: Conference topics are subject to change. Find the most up-to-date program information on our event website at TheAutomationConference.com.

OMAC
The Organization for Machine Automation and Control

The Automation World Conference & Expo is pleased to again collaborate with the Organization for Machine Automation and Control (OMAC). This year, conference registrants are invited to stay an additional day for an educational workshop produced by OMAC, exploring the benefits of PackML implementation. This will take place Thursday, May 16 at the Chicago Marriott O'Hare. More information will be available in Q4 2018.

The Automation World Conference & Expo is produced by PMMI Media Group's *Automation World* magazine, with the support of PMMI. PMMI Media Group is a division of PMMI, the Association for Packaging and Processing Technologies.

The David A. Harvey Memorial Scholarship is awarded each year at the Automation World Conference & Expo. The scholarship – in memory of the first Publisher of *Automation World* – was established to encourage and support the growth of careers in industrial automation. As an exhibitor or sponsor, your company will be recognized as a supporter of this annual award. To nominate a school or institution, please contact Kurt Belisle at kbelisle@pmmimediagroup.com.

GRAND BALLROOM - MARRIOTT

FOYER OUTSIDE GRAND BALLROOM

Please contact your sales representative regarding available Anchor, Tabletop and Foyer exhibit locations.

EXHIBIT AND SPONSORSHIP

Exhibitors may not host outside events or meetings during conference hours, including the cocktail reception, breaks and meals.

Who you'll meet at the Automation World Conference & Expo, May 14-15 in Chicago
- Automation and control engineers
- Operations and engineering management teams
- Manufacturing systems / IT and networking professionals
- Industrial systems and machinery designers
- Equipment buyers for OEMs, discrete manufacturers, processing and packaging
- Systems integrators
- Software development engineers for the discrete and process production industries

WHAT IS A TECHNOLOGY WORKSHOP?

Last year's conference attendees overwhelmingly rated the Technology Workshops as one of their favorite sessions! This year we are again offering **Anchor** and **Tabletop Exhibitors** the opportunity to present a Technology Workshop on a topic of their choice. We'll provide each exhibitor with a meeting room, promotion, and two opportunities to present (once on Tuesday and once on Wednesday). Exhibitors prepare the content and provide the presenter.

FOYER EXHIBITOR $5,000

- 30" diameter tabletop space and A/C power, located in the foyer outside the main ballroom
- Includes 1 complimentary registration
- Additional registrations for $595 each; all exhibitors and attendees must register.
- Registered attendee list, with full contact information, delivered after the event
- Logo in conference proceedings book OR conference app
- Pre-event branding – your logo included in our event marketing campaign
- Recognition as a contributor to the David A. Harvey Memorial Scholarship

SPONSORSHIP $5,000

- Contact your sales rep regarding sponsorships that deliver prominent on-site recognition
- Each includes 1 complimentary registration
- Additional registrations are available for $595 each; all sponsors and attendees must register.
- Registered attendee list, with full contact information, delivered after the event
- Logo in conference proceedings book OR conference app
- Pre-event branding - your logo included in our comprehensive event marketing campaign
- Recognition as a contributor to the David A. Harvey Memorial Scholarship

ACCLAIM FROM RECENT ATTENDEES

"This is a formidable conference. Great presentations, event organization and the right number and quality of attendees."

"Love this event."

"The conference had just the right number of people there to discuss topics in detail, while still being large enough to provide good networking."

"The networking was a key element. The topics were great, but the networking was excellent!"

"Great chance to meet with a wide variety of people in automation."

"I'm a first-time attendee and I found the technology workshops especially interesting. It was interesting to see not only what is being offered but also the challenges with new technology, in particular Internet of Things."

"I learned the latest developments, found trends and future directions."

"Liked the real world examples...hearing about others' successes and failures."

"Everything was extremely well done, very professionally organized and presented. Succinctly: It was an outstanding event!"

"I liked the variety of vendors in attendance and hearing their different opinions on the main topics (primarily Industrial Internet of Things). Having these various views helps an end user or integrator to piece together the facts and figure out the best solution(s) for their specific application(s)."
