PROFOOD WORLD

COVERING INNOVATION AND TECHNOLOGY FOR GLOBAL FOOD AND BEVERAGE PROCESSING

Food manufacturing professionals look to *ProFood World* to stay on top of the fast-moving food and beverage processing industry with the most relevant industry news and developments.

The *ProFood World* brand includes the breaking news and topical editorial site ProFoodWorld.com, a print publication produced six times each year and weekly newsletters. *ProFood World* meets the expanding information needs of manufacturing, engineering, operation and supply chain/logistics executives in the global food and beverage processing industry.

The industry's most experienced journalists are reporting on news, trends, products and technologies in food safety, automation, processing, packaging, material handling and sustainability. *ProFood World* offers timely, original and informed content to engage your best customers and prospects.

Patrick Young, Publisher

Patrick has 35 + years of sales and management experience in the food/beverage publishing industry. He has been Publisher of *ProFood World* for the past 3 years. Prior to June 2016 he was Publisher of BNP Media's *Food Engineering Magazine* and related media products.

Joyce Fassl, Editor-in-Chief

Joyce has covered the food and beverage processing industry for more than 30 years. As one of the industry's most respected journalists, Joyce' joined PMMI Media Group in 2016, launching Joyce's Voice weekly e-newsletter (profoodworld.com/newsletter-registration) with 20,000+ subscribers and *ProFood World's* bimonthly print publication with 30,000+ BPA-audited subscribers. Joyce has a journalism degree from Penn State University. Previously, she was editor-in-chief of *Food Engineering* magazine and program director for *Food Engineering's* Food Automation & Manufacturing Conference.

Maya Norris, Managing Editor

Maya joined the *ProFood World* team in 2017 with over 19 years of experience as an editor and writer and an MS from Northwestern University's acclaimed Medill School of Journalism. Her experience and knowledge of the B to B marketplace ensure continued editorial excellence for the *ProFood World* brand.

Aaron Hand, Editor at Large

Aaron Hand has nearly three decades of experience in B to B publishing, and was most recently Executive Editor for *Automation World*, a position he held since 2013. In his new role as Editor at Large for PMMI Media Group, Aaron will report on a wide variety of industry developments including advancements in packaging for consumer products and pharmaceuticals, food and beverage processing and industrial automation.

Carolyn Dress, Regional Sales Manager

Carolyn has over 20 years of business-to-business media sales and management experience and joined PMMI Media Group in 2015 as Director, Business Development, and was part of the 2016 launch of *ProFood World*. Prior positions held in food industry media include *Food Engineering*, *Refrigerated Frozen Foods* and Publisher of *Dairy Foods* and *Chain Leader* magazines.

Brian Gronowski, Regional Sales Manager

Brian has three decades of experience in business-to-business media consultation, having spent the his entire career working with suppliers to the food and beverage industry. Brian focuses on business development and sales strategy for current and potential advertisers in *ProFood World*.

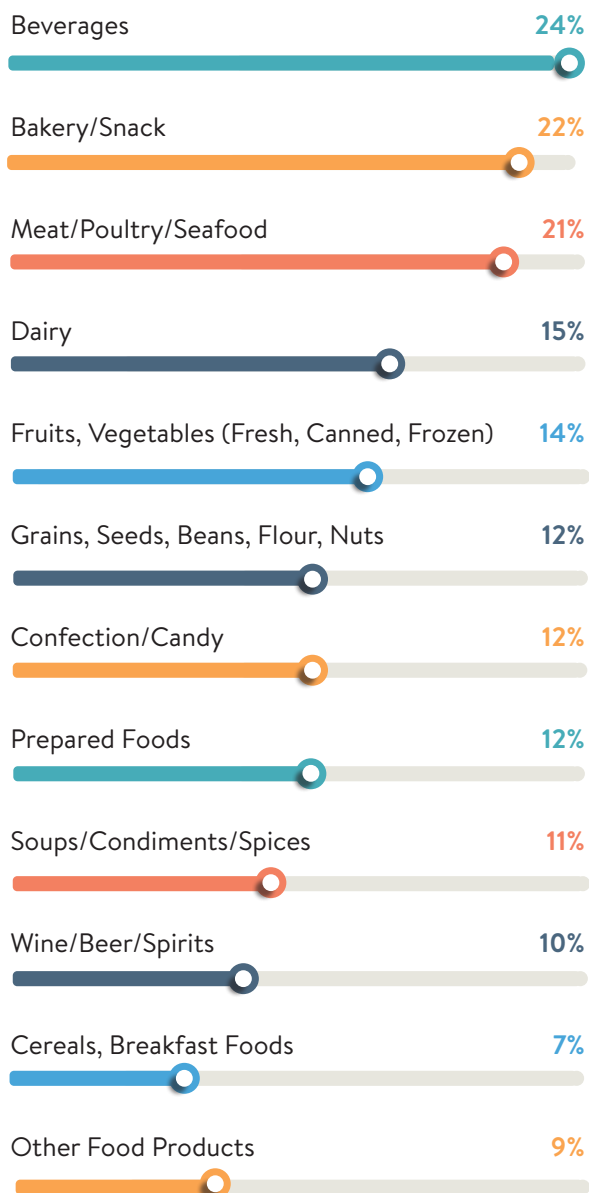

Claudia Smith, Brand Operations Manager

Claudia is a business-to-business publishing veteran who has been with PMMI Media Group for nearly 20 years. She oversees a variety of digital media and operational projects and supports the *ProFood World* team and brand. Claudia also administers operations for PMMI Media Group's office in Chicago.

PROFOOD WORLD AUDIENCE

INDUSTRIES

FOOD & BEVERAGE

ProFood World magazine reaches 35,000 U.S. food and beverage processing professionals across the \$765+ billion dollar industry. Informed, original content, written and edited by experienced food industry journalists attracts the attention of your best customers and prospects.

Our audience development program is powered by PMMI Media Group's renowned team of circulation experts, who are leveraging the databases of PMMI Media Group and PMMI, the Association for Packaging and Processing Technologies, producers of the PACK EXPO portfolio of trade shows.

Connect with professionals who specify and use your equipment, products, technology and services in the key food & beverage manufacturing market.

See *ProFood World's* audience dashboard here: sigma.pmmi.org/pfw

BPA Worldwide Member

Note: Individuals may select more than one industry and job duty

JOB DUTIES

ACTIVE AUDIENCE

ProFood World now allocates up to 30% of its print circulation for “high-value” prospects who are added directly to the magazine circulation list. Called Active Audience, this group includes current PACK EXPO registrants, individuals at trending companies and professionals in hot markets.

Active Audience recipients are verified end-users, so you can be assured your message is reaching the individuals who are best positioned to buy. The balance of our subscribers – 70% or greater – are qualified direct request subscribers.

LEADERS IN PROCESSING

LEADERS IN PROCESSING 2020

Leaders in Processing (LIP) is *ProFood World's* signature supplier branding program, offering excellent print and online branding for suppliers to the food and beverage processing marketplace. Participants receive **prominent, year-round exposure** on ProFoodWorld.com and in print.

Leaders in Processing 2020 begins in February, with reservations due by January 13, 2020. To participate, advertisers must run at least one ad page (or equivalent in fractionals) with *ProFood World* in 2020 and schedule their first insertion in the *ProFood World* February issue.

Don't miss this opportunity to position your company in front of food and beverage processing professionals **as they are searching for solution providers.**

Program deadlines:

Reservations: January 13
Materials: January 17

Contact our team to reserve your spot!

LEAD GENERATION

ADVANCED B2B TECHNIQUES

PMMI Media Group was among the first B2B publishers to offer lead-generation advertising in 2004. Today our digital products offer state-of-the-art reporting, including real-time campaign analytics. LeadWorks, our proprietary lead management platform, can automatically filter, classify and deliver lead reports according to your preferences.

LEADWORKS, our proprietary lead management software, allows you to easily track you campaign and pull reports when it is complete.

LEADS REPORTS FILTERED BY:

- **Geography** - identify a sales representative to receive all leads from a particular state, region or country
- **Industry** - provide separate delivery instructions for leads from food & beverage, pharmaceutical, or another end-user category
- **Frequency** - choose to receive leads in real-time, nightly or weekly. (Log into LeadWorks anytime for real-time information.)

EXCLUSIVE CAMPAIGN ANALYTICS!

You'll love our real-time, comprehensive campaign analytics in a variety of easy-to-consume formats. View data on screen via colorful graphs and charts that aggregate results for a wide range of demographics. Download excel docs or images to add to your own communication.

REAL-TIME DATA!

- **By campaign** - view the results of individual e-blasts, newsletters, etc.
- **By company** - see your complete history of digital advertising with *ProFood World* and compare results by campaign type, date, etc. This is called a "Marketing Program Analysis" report.

PMMI AUDIENCE NETWORK

Reach targeted prospects online in a whole new way! The PMMI Audience Network offers affordable and effective options for getting in front of precisely-targeted groups of processing, packaging and automation professionals as they browse online. Define your audience by buying interest, industry, job function, geography and much more. Choose from our vast e-database of contacts, including professionals who subscribe to our magazines and newsletters and attend PMMI trade shows.

We'll deliver your message to your micro-targeted group via hundreds of thousands of brand-safe websites, as well as Facebook and LinkedIn.

Select your audience by:

- Industry
- Job duty
- Buying interest
- PACK EXPO trade show affiliation
- Plant processes and more.

Choose to deliver your message with these products:

Targeted Branding Ads - Web display ads or Native ads, appearing on brand safe Websites

Targeted Social Media Ads - Sponsored Posts or Videos on Facebook and LinkedIn

Targeted Video Pre-Roll - appearing across the Web before videos offered by brand safe sites

Ask your sales representative about how you can package all of these products into our Single Audience Multi-Touch Campaign.

PMMI Audience Network product unique benefits:

- No waste – you pick the exact recipients to see your message
- Access to PMMI's vast database
- Processing and packaging contacts are validated
- All contacts are U.S. and Canada, unless you explicitly request international reach

Learn more at: pmmimediagroup.com/pfw/audience-network

PACK EXPO PRODUCTS

ProFood World offers you a variety of print and digital options for connecting with PACK EXPO International 2020 attendees. You can learn more about these exclusive products on our marketing site at PMMIMediaGroup.com.

Before the show:

Game Plan – This personalized walking guide features your booth location and products in the individual itineraries of those attendees who have indicated *interest in your product category or categories* during registration. Reach your potential buyers with *Game Plan*.

Spotlight on PACK EXPO – Promote your presence before the show by advertising in our exclusive PACK EXPO e-newsletter, reaching processing and packaging professionals from our e-database. Ad inventory is limited, reserve your space now!

PACK EXPO SHOWCASE – Spark the interest of pre-registered attendees weeks before the show opens, in our exclusive *PACK EXPO SHOWCASE* print issue. Bonus distribution at PACK EXPO is included. Distribution includes circulation before the show, email distribution of the digital version, at-show distribution and a year-round posting of the digital edition on Packworld.com.

PMMI Audience Network for PACK EXPO

This pre-show product allows you to reach targeted, pre-registered attendees. Select your list by industry, buying interest or plant packaging process and connect with your potential customers who are registered for PACK EXPO via Facebook and thousands of brand-safe websites. Learn more about our Audience Network on page 18.

After the show:

PACK EXPO Wrap – This e-newsletter features videos and highlights of the best innovations from PACK EXPO, and helps you generate additional leads, post-show. It is published in the weeks immediately following the event.

Second Look – Our proprietary software mines the “big data” from the show to create a targeted list of attendees with buying interest for your specific product category. *Second Look* is a great way to connect with individuals who may not have stopped by your booth, as well as those who did. The printed post-show guide is mailed to potential buyers two weeks after the show closes.

1/3 Square	5.375 x 5.6875	5.125 x 5.4375	4.625 x 4.9375
1/4 Page	4.625 x 5.6875	4.375 x 5.4375	3.875 x 4.9375

Printing, binding methods: Printed offset and perfect-bound.

Inserts: Contact *ProFood World* Production Manager George Shurtleff at 312-222-1010, ext. 1170 or gshurtleff@pmmimediagroup.com.

Printing specifications: Follow SWOP recommended standards.

Artwork: Any necessary artwork or copy preparation will be billed to advertiser.

Digital Ad Specifications *ProFood World* is printed computer-to-plate (CTP). Ad material should be submitted in a digital (or electronic) format and must comply with the specifications that follow.

Accepted document formats: Properly produced PDFs are strongly encouraged. Documents saved as an EPS are also accepted. Please see additional details at right.

Fonts: All fonts should be embedded or outlined.

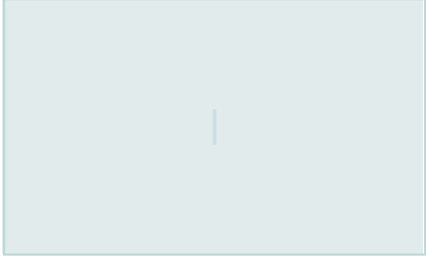

Images: Make sure all images are CMYK and the file is fully flattened.

Proof: In compliance with PMMI Media Group policy, you are required to submit a SWOP certified proof. By choosing not to supply a SWOP certified proof with your ad submission, the color reproduction of the ad will be based on industry standard best practices to achieve as accurate color as possible from your supplied digital file.

Submit your ad via our online ad portal, Send My Ad. We will set you up with a Send My Ad profile so you can easily submit your ad(s) through a direct materials upload link.

Contact and Shipping Information and Production Questions: George Shurtleff, Production Manager at 312-222-1010 x1170. Advertising materials should be sent to: *ProFood World*, 401 N. Michigan Ave., Suite 300, Chicago, Illinois 60611, Attn: George Shurtleff.

Submit your ad via our online ad portal, Send My Ad. We will set you up with a Send My Ad profile so you can easily submit your ad(s) through a direct materials upload link.

Accepted formats:

- High-resolution PDF (300 dpi, CMYK), saved in X1:A format
- High-resolution (300dpi, CMYK) TIFF or EPS file

If your digital file is in a different format than above, please contact Production Manager George Shurtleff at gshurtleff@pmmimediagroup.com to verify acceptability.

When creating your digital ad:

1. Embed all fonts or outline them.
2. Make sure all RGB and spot colors are converted to CMYK.
3. Do not use JPEG compression or native Photoshop files.
4. Make sure all images within the ad are 300dpi and CMYK.
5. When creating a bleed advertisement, make sure all important material is within the live space and that the bleed size extends on all sides of the ad.
