

Contract Packaging Annual Resource Guide

9/22/20

STERLING CONTRACT PACKAGING, INC. ★ RESOURCE GUIDE 2019-2020

Sterling Contract Packaging, Inc.

Providing turnkey packaging solutions for 20 years! Sterling Contract Packaging is one of the largest contract packaging facilities in the Southeast, specializing in high speed packaging. As a leader in sustainability initiatives, we recycle 98% of all waste — more than 1 million pounds each year. Founded in 1996, Sterling Contract Packaging maintains a diverse offering of automated packaging capabilities with extensive management experience in consumer sales and retail distribution. Uniquely capable of providing complete project management, Sterling is involved from package engineering to final package distribution.

In addition to our world-class retail packaging and distribution services, we've added a new ProSys R7601 highspeed tube filler, which means we now feature the ability to handle plastic, laminate, or aluminum squeeze tubes from 1/5 ounce to 14 fluid ounces! Our high speed operations and project management are tailored to suit your needs. If you need us to, we manage the entire process, including global sourcing, procurement, transportation and warehouse management.

You can depend on our reputation for reliability!

Featured in our Nov/Dec edition –

Our annual **Resource Guide** is published as a special section in the November/December edition of *Contract Packaging*.

Featuring profiles of companies that offer products and services for packaging buyers, *Contract Packaging's* Resource Guide is a popular resource, distributed at key trade events throughout the year.

Your Company Profile includes:

- Full-page company description
- Company statement
- CEO photo and statement
- Company logo
- Photo of facility, employees or products
- Contract Packaging Association logo, for member companies
- Bonus Distribution throughout 2021

THE OFFICIAL PUBLICATION FOR THE CONTRACT PACKAGING ASSOCIATION
