PACK EXPO INTERNATIONAL
October 23-26, 2022
Chicago, Illinois USA

GAME PLAN

Compiled for **Jake Morin** at **Thrifty White Pharmacy**

Your personal show goals and interests are reflected in the 826 products and 143 companies featured in this guide.

CATEGORIES YOU CHOSE:

Processing Machinery

Dry processing & ingredient handling equipment
Liquid processing & handling equipment
Capsules, tablets & soft gelatin equipment

Business Interest

E-commerce
Sustainability
Life Sciences
Logistics

Packaging Materials

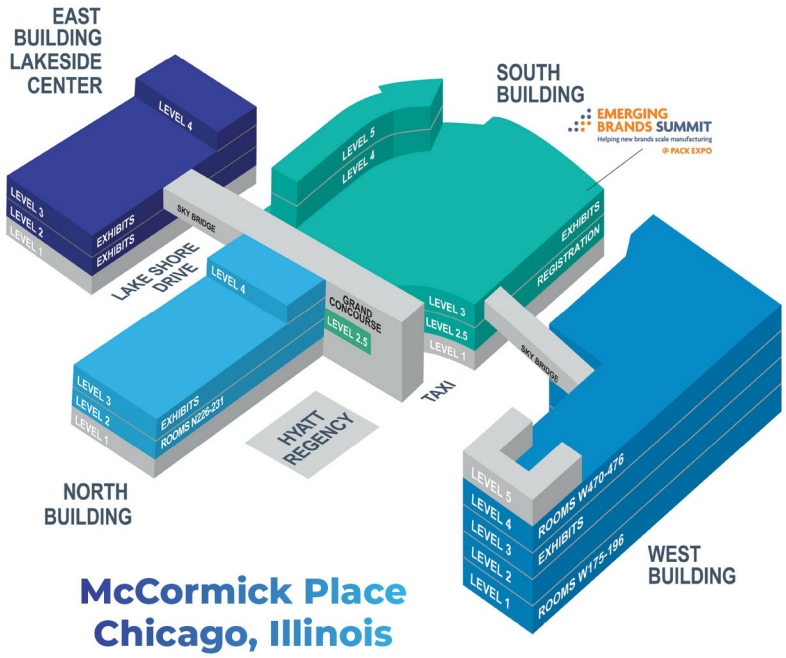
Cartons and boxes
Containers
Flexible packaging
Labels
Multipacks/handles/carriers
Packaging consumables
Protective/transport packaging

Packaging Machinery

Bag/pouch fill/seal (pre-made bags)
Blisters/clamshells/skin packaging

Start planning your PACK EXPO International booth visits with the help of this walking guide, customized for you based on categories of interest you selected during registration.

With 2,000+ exhibitors, we know you won't be able to visit every booth. Complied in these pages are location and product details for select exhibitors to add to your must-see list.



McCormick Place
Chicago, Illinois

PMMI MEDIA GROUP

INNOVATION STAGE

The Innovation Stages at PACK EXPO International bring you the latest advances taking place across the industry. Check out these 30-minute sessions to discover coming trends and technologies that need to be on your team's radar.

Schedule as of August 24th, 2022

SUNDAY, OCTOBER 23, 2022

12:00 PM	Baking Sustainability into Your Operations	Schneider Electric
	Digital Double Life: The Intersection of Tech & Business	Specright
	The Future of Recycled Food Packaging and Closing the Loop	Klöckner Pentaplast
1:00 PM	Get More From Your Machine using the Data You Already Have	Rockwell Automation
	How E-commerce Packaging Trends Can Support Sustainability	Felins, Inc.
	Intell-I-Mag® The Revolutionary Intelligent Magnet	MPI
2:00 PM	Broadening the Pipeline of the Industry/Academic Partnership	Michigan State University
	Complete Automation Solutions to Enhance Line Flexibility	Bosch Rexroth Corporation
	Power Your Performance: Integrated Solutions by Design	Honeywell Intelligrated
3:00 PM	Rethink Responsibly	TekniPlex
	Taking Action: A Packaging Roadmap for the Circular Economy	DASSAULT SYSTEMES

MONDAY, OCTOBER 24, 2022

10:00 AM	Intelligent Plastic for the 21st Century	Smart Plastic Technologies
	Looking Beyond XR, and Getting Back to Reality	Rockwell Automation
	The Path to Becoming a Green Smart Factory	Schneider Electric
11:00 AM	Minimize Supply Chain Disruptions with Innovative Technologies	Acumatica
	Recycle-Friendly Washable Inks for Plastic Packaging	Sun Chemical
	Scaling Sustainable Packaging with Automation	WestRock
12:00 PM	Low-Carbon Muffins with GreenStruxure & Bimbo Bakeries	Schneider Electric
	Remote HMI Mirroring: Handling Workforce Shortage Visibility	Belden Corp
	Sustainability in Pharmaceutical Primary Packaging	Liveo Research
1:00 PM	Enable Recyclable Packaging with Open Sesame® Tear Tapes	H.B. Fuller
	How to Add Automation at No Upfront Cost	Formic
	Tackling Packaging Challenges and Pressures	Fresh-Lock by Presto
2:00 PM	Achieving More Together for a Sustainable Future	Berry Global
	AI-based Robotic Grasping	Siemens Industry Software, Inc
	Streamline Your Package Labeling Process	Epson America, Inc.
3:00 PM	Case Study: Advancing Sustainability in a Changing World	Amcor Flexibles North America
	The Joy of the Physical in the Digital Age	Sappi North America
	The Value of Digital Transformation	Matrix Technologies, Inc.

TUESDAY, OCTOBER 25, 2022

10:00 AM	Buzzword Hangover	Brightly Software
	How to Automate Paper-Based Packaging Solutions	Graphic Packaging International
	Mechatronic Case Packing Transforms Frozen Food Production	Beckhoff Automation, Brenton (a ProMach company)
11:00 AM	3D Vision, Soft Gripper and AI Automation Solution	Soft Robotics Inc.
	Closing the Loop	Cabka North America Inc
12:00 PM	Reduce Waste & Increase Efficiency in Clean-in-Place Process	Emerson
	Thinking ABOUT the Box	Packsize
1:00 PM	Building your cyber resilience program	Rockwell Automation
	Combat Labor Issues with Flexible Robotic Automation	Mitsubishi Electric Automation
	Is the world ready for sustainable packaging?	Industrial Physics
2:00 PM	Re-Invent Supply Chain Inspection with 3D mmWave Imaging	ThruWave Inc.
	Shelf-Ready Labeling That Marketing/Operations Can Agree On	Felins, Inc.
	Using Supply Chain Traceability to Combat Counterfeiting	Antares Vision Group
3:00 PM	Addressing Convenience Trend with Retort Pouches	H.B. Fuller
	Simplifying the Complexities of Labelling and Artwork in the Pharma Industry	Esko Brand Solutions
	Success for Vision Systems Deep Learning Implementation	Verista

WEDNESDAY, OCTOBER 26, 2022

10:00 AM	Cybersecurity Best Practices in a Connected IIoT World	Schneider Electric
	Pests to Watch Out for as Moisture Levels Fluctuate	Orkin
	The Rise of Software as a Service	Rockwell Automation
11:00 AM	Leak Testing for Micro-Organisms in Medical/Pharma Packaging	INFICON
	OxyStar - The First Recyclable Barrier Material	Placon
	Recyclable and Recycle-Ready Packaging for the Dairy Market	Amcor Rigid Packaging
12:00 PM	Fresh Food To-Go and the Circular Economy	ProAmpac
	Pick and Place Reinvented	Syntegon Packaging Technology
	Smart Sensors: The Backbone of Digital Transformation	SICK

PROCESSING INNOVATION STAGE

Schedule as of August 24th, 2022

SUNDAY, OCTOBER 23, 2022

12:00 PM	Electric Actuator Beats Pneumatic–Price, Speed, and Life	SMAC Moving Coil Actuators

MONDAY, OCTOBER 24, 2022

10:00 AM	Efficient COP Using New, Advanced 3-A Cabinet Washers	Sani-Matic
11:00 AM	Food Safe Facility Drainage Design	FoodSafe Drains
12:00 PM	Smart Tablet Coating Technology	Romaco Group
1:00 PM	MasterBio - All Compostable Materials for Fresh Products!	MASTERPACK SPA
2:00 PM	Trends in High Pressure Processing (HPP)	JBT - Avure HPP
3:00 PM	Evolution Fresh – HPP Beverage Automation Advancements	Hiperbaric

TUESDAY, OCTOBER 25, 2022

10:00 AM	Enteral Feeding – Direct Connect Nutrition Delivery	Vonco
11:00 AM	Innovative Solutions Create R&D Partnerships	Deville Technologies
12:00 PM	Batching and Blending Optimization in the Beverage Industry	Tetra Pak
1:00 PM	Buying a Separator Machine? Avoid These 5 Costly Mistakes	Gerard Daniel Worldwide
2:00 PM	Stick the Landing: Five Product Handling Ideas to Win Processing Gold	POWER Engineer, Inc.

Game Plan personalized for Jake Morin

Graphic Packaging INTERNATIONAL

www.graphicpkg.com

Full line of wrap & clip Paperboard multipacks
- Beverage containers
- Non-Beverage products

Full portfolio for every speed range
- Full range/pkg. styles
- For multiple products

Plastic replacement solutions
- Rigid paper container
- Easy to recycle

Folding cartons, foodservice packaging
- Fiber-based packaging
- Custom packaging

B S-1741

peco inspX PROTECTION THROUGH INSPECTION

www.peco-inspx.com

Empty and Filled Glass Inspection
- Inclusions, blisters
- Identify thin sidewalls

Full Container X-ray Inspection
- Find metal, glass, stone+
- Noncontact @1,000cpm+

X-ray Small to Large Metal Containers
- Find all contaminants
- Bad seams, dents, lids

Precise Volumetric Fill Measurement
- Measure at high speeds
- Compact footprint

C S-1752

FORTRESS TECHNOLOGY

www.FortressTechnology.com

Boost stainless steel detection up to 100% in challenging applications.

Verify the weight of each product and reject non-conforming packs.

Improve detection of ultra-thin contaminants on processing lines.

Reliably detect 2.0 mm stainless steel in bulk bags of dry product.

D S-2022

Spee-Dee Packaging Machinery Inc.

www.spee-dee.com/

10X more accuracy than traditional models
- Checkweigher
- Small footprint

Ideal for cereal and baking mixes
- Checkweigher
- Bag-in-Box applications

Frame made of solid SS sheets, no hollow bodies
- Checkweigher
- Hygienic, IP65 design

Ideal for checking cases for correct count
- Checkweigher
- Heavy-duty

D S-2022

Spee-Dee Packaging Machinery Inc.

www.spee-dee.com/

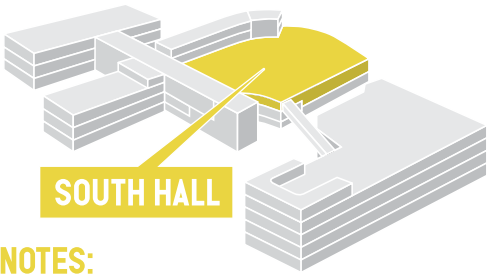
High-speed filling of rigid containers
- Spices to gummies
- 60-400 bottles/min

Unmatched filling accuracy, less giveaway
- Baking mixes to coffee
- Up to 150 fills/min

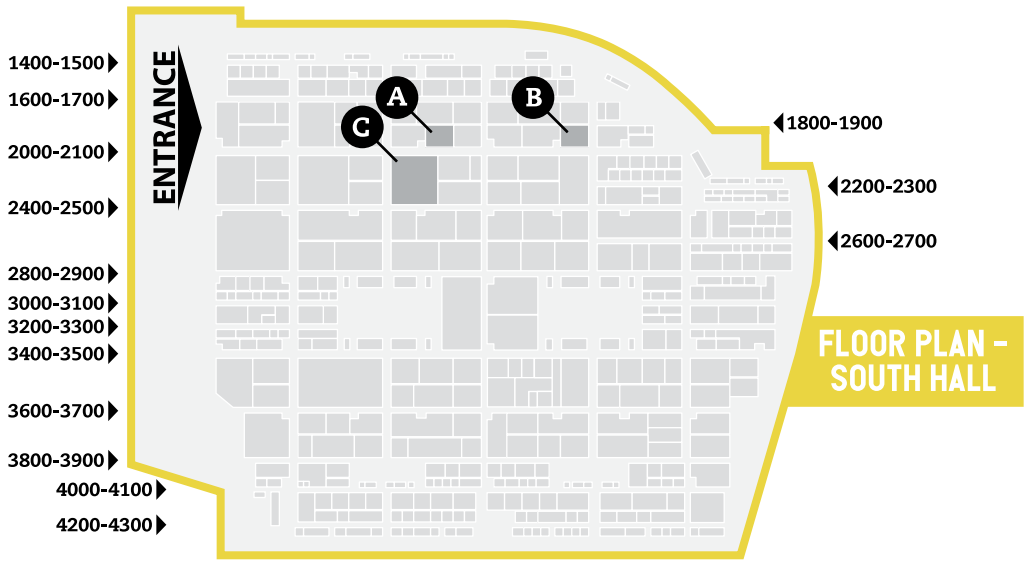
Simple, durable and accurate
- Beans, snacks, cereal
- Up to 150 fills/min

Fill product with more than one component
- Soup to dessert mixes
- Single bag or container

Game Plan personalized for Jake Morin



NOTES:



A S-2036

Rotary net weight fillers and cappers
- High precision
- Wide viscosity range

High level of hygiene
- ESL filler and capper
- Modular hygiene isolation

Creams, soaps, detergents, shampoos
- Spray triggers
- Pump dispensers

Agro, automotive, paints
- Corrosion-proof filler, plugger and capper
- Oxidizers, acids and Ex

B S-2058

www.bradmanlake.com

Top, Side or Bottom Load Case Packers
- For pre-formed cases
- Glue or tape closure

Superior Flexibility, extensive size range
- Monobloc for shelf-ready, HSC, RSC cases

Compact footprint option
- Wide range of collating formats is available

Suitable for various applications
- Wide range of options
- Inline/right-angle layout

B S-2058

www.bradmanlake.com

Mechanical & servo models are available
- Erect lock/glue/turn-over-end

Unique 'carton control' technology
- Tool-less changeover
- In-line or right-angle

Form/load/close cartons in one frame
- Accept a wide range of carton sizes/types

Mutli-functional
- Load cartons, trays, cases, baskets, end load cartoners

C S-2130

www.westrock.com/automation

Packing Systems
- Standalone or integrated
- Smart software & factory automation

Scalable Sustainable Pkg.
- Replace plastic rings & shrink
- Connected automation

Flexibility For Retailer Requirements
- Modular design
- Multiple pack patterns

Customizable Packing Options
- Fast packing speeds
- Custom engineering

C S-2130

www.westrock.com/automation

Automated Case Erecting
- Fast and consistent
- Lower labor costs

Optimized Case Erecting
- Fully-automatic
- Tape & hot melt options

Fast and Efficient
- Higher up-time efficiency
- High-capacity magazine

Reliable and Efficient Sealing
- Multiple sealing options
- Speeds up to 50 cpm

NOTES:

A S-3100

nalbach ENGINEERED FOR PERFORMANCE™

www.nalbach.com

High-speed, powder filler that runs faster, cleaner, and provides superior product settling and fill accuracy.

Dispenses a single product from a common hopper with multiple, independently controlled augers.

Servo-driven auger filler improves fill accuracy and dramatically reduces maintenance and downtime.

Modified atmosphere packaging (MAP) system capable of reducing residual oxygen to less than 1%.

A S-3100

nalbach ENGINEERED FOR PERFORMANCE

www.nalbach.com

Inline 360˚ orienter quickly, simply and inexpensively orients containers.

Inline 180˚ orienter quickly, simply and inexpensively orients containers.

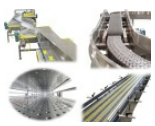
Bottle unscrambler reduces maintenance and downtime, with less space, higher speed & price savings.

High speed unscrambler reduces maintenance & downtime, handles the lightest bottles, and has the smallest footprint.

A S-3100

CHSC We Handle a World of Containers

www.containerhandlingsystems.com



CHSC conveyor systems offer a wide variety of design options to meet your conveying needs.

Side grip and magnetic systems to handle round and non-round containers as well as case handling.

Servo laners and diverters custom designed with quick shifting and extreme accurate alignment.

Heavy duty hydraulic system. Powered infeed conveyors and pneumatic side panels. Operator friendly HMI.

B S-3182

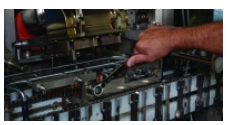
pactiv evergreen™

evergreenpackaging.com

Best-in-class half-gallon gable top machine, servo driven, quick setup and repeatable performance

For your quart/liter cross-section needs, the EQ-70 offers expertise in ELL® practices

The most cost-effective filling solution for the single serve market



Extend the life of your gable top packaging equipment with our Run Time OEM parts/service

C S-3278

KR Kirk-Rudy™ Exceptional Quality since 1967

www.kirkrudy.com/

FireJet 4C delivers high quality CMYK color printing on a variety of materials, including corrugated substrates.

The KR725 Bag Feeder is designed to feed large flat bags up to 22"x36" for labeling or printing.

A complete line of HP thermal inkjet printers for coding, serialization, and barcode printing.

A cost effective way to inkjet print barcodes, serial numbers, and expiration dates on small flat boxes.
