Facilities & Infrastructure Directory

2025 SURVEY RESULTS

About Us

PMMI Media Group is not just a media provider, but a vital part of the industry's ecosystem, fostering connections, education, and growth between end users and suppliers in the market.

PMMI Media Group is owned by PMMI, The Association for Packaging and Processing Technologies, a trade association representing more than 1,000 manufacturers and suppliers of packaging and processing equipment, components, and materials. PMMI further unites the industry and produces the world-class PACK EXPO portfolio of trade shows.

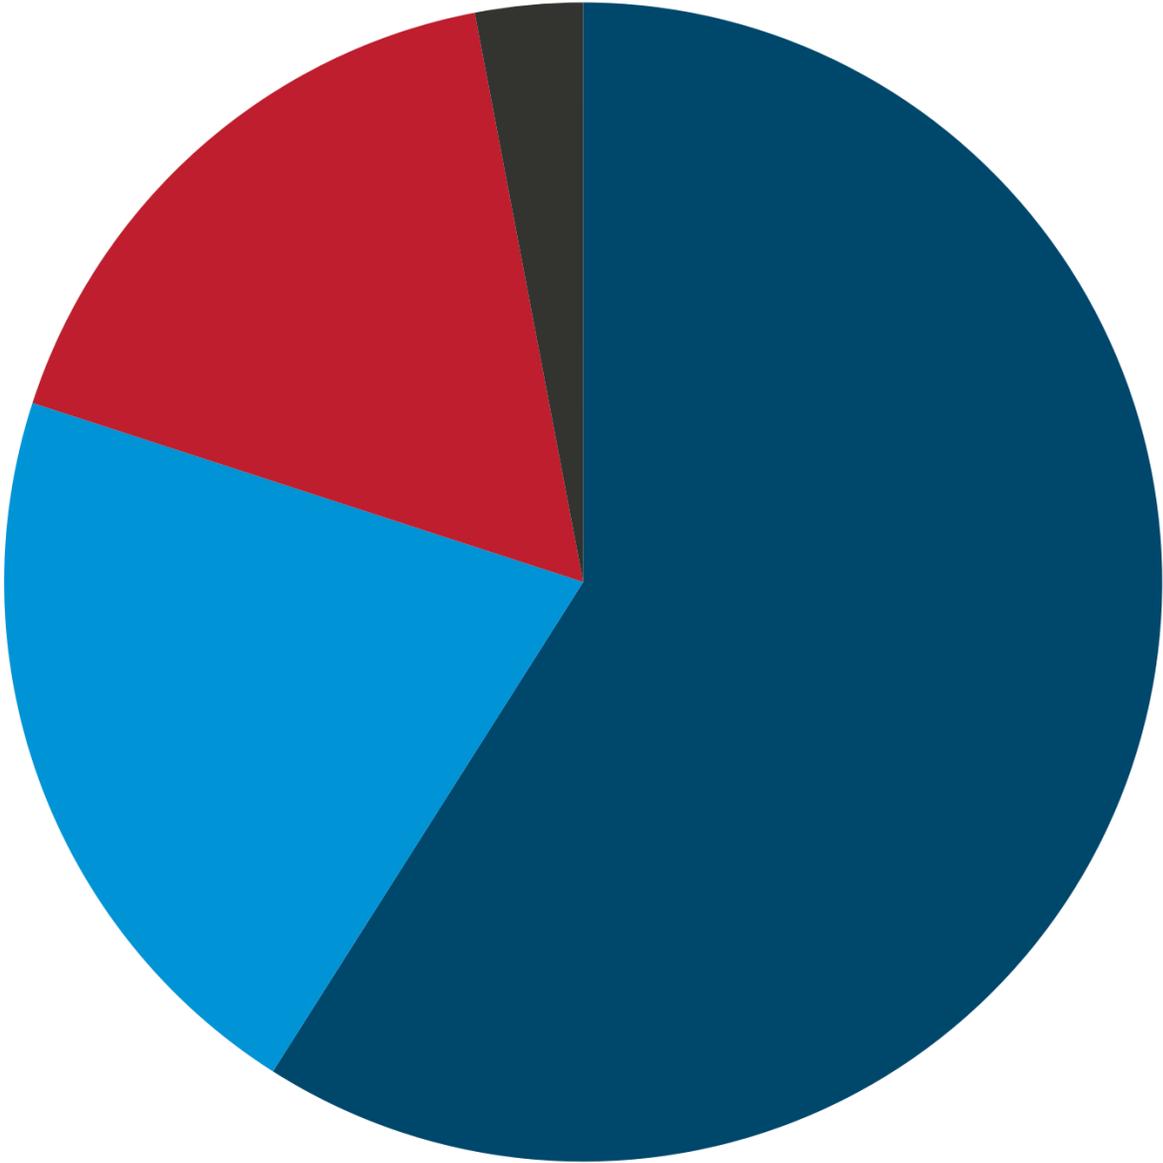

PMMI Media Group connects packaging and processing suppliers with the PMMI Trade Show audience through year-round engagement. Our portfolio features industry-leading brands such as Packaging World, ProFood World, Healthcare Packaging, OEM, and Mundo EXPO PACK

About the Survey

This survey reflects the voices of 104 verified end users who registered for PACK EXPO Las Vegas 2025 and explicitly indicated they are expanding their plants or looking for physical operational and maintenance plant improvements.

Did you receive or see the Facilities and Infrastructure Directory? It contains exhibitors to help with changes or improvements to your plant infrastructure.

- 59%** Yes, I received the guide in the mail **before** PACK EXPO.
- 17%** Yes, I used the copy I picked up in one of the bins at **PACK EXPO**.
- 3%** Yes, I received the guide in the mail **after** PACK EXPO.
- 21%** No, I never received the guide in the mail or picked up a copy at the show.

The idea of the Facilities and Infrastructure Directory is to draw attention to exhibitors that otherwise tend to get lost among traditional packaging and processing suppliers. Does this directory seem like a good idea?
